Good day Warrant Officer Mokoena,

I acknowledge receipt of your SMS this morning regarding the above matter. Thank you for reaching out and for taking the time to attend to this case.

I just wanted to confirm whether the use of a Gmail address is standard procedure, as I noticed it's not the usual SAPS domain. Please understand this is merely for verification and record purposes on my side.

I will make myself available for a Teams meeting as requested — kindly just confirm the time that suits you best, as the matter is quite urgent.

Kind regards,

Jan Hendrik Stephanus Venter

Good day Mr Venter

I appreciate your diligence in verifying the authenticity of the communication. My official laptop has crushed and I use my private Gmail account for MicrosoTeams to ensure that service delivery is not hampered, hence Gmail account is used for this specific purposes, but all official correspondence can be done via my commanders SAPS Email address @SmithB3@saps.gov.za to adhere to standard SAPS protocols.

To: Jan Venter <janventer902@gmail.com>

I went through the statement of Ms Nadia Prinsloo that you sent to me. I need a statement from the person you first told about the incident of the 18 May 2018. If it is still Ms Nadia Prinsloo you first reported to, ask her to depose to an affidavit regarding that. The affidavit should contain the date you told her about the incident and time, your condition when you were telling her about it (what she observed) and what did you tell her. In rape cases prosecutors look for these first report statement.

Thank you
